

Healing Through Memories

Community Hospice & Palliative Care presents two workshops for adults who are grieving the death of a parent.

“Parents are the mirrors in which we see ourselves. They are the keepers of our hearts.”

The parent /child relationship is a powerful and sometimes complicated one. The death of your mother or father does not have to mean the end of that relationship.

Healing Through Memories will look at the parent /child relationship from childhood through adulthood. The workshop will help attendees to develop a better understanding of the parental bond, to grieve their loss and ultimately celebrate the lives of their parents.
