

HAWK UPDATE

May 23th – August

A Word from the Principal

There are some important attachments enclosed in our Blackboard Connect today. Please take the time to review as it provides some important information related to Summer Reading, Gifted Blended, and Orientation Dates for the fall and a list of our elected PTO Board. I also wanted you to know that report cards for 3rd-5th will be through Home Access Center (HAC). Our middle school report cards will be held until all examination results are issued through the state. Again, Home Access Center will be updated accordingly.

I also wanted to thank you for all your support over the past two plus years. It has been an amazing experience opening Valley Ridge Academy and I will miss this community deeply.

As they say in Ireland
