Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan was approved by the St. Johns County School Board on 9/29/2016.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F or a monitoring status of "Former F" (see page 4). For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in three categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- Not in DA – currently A, B, or C and not Monitoring Only; charter schools; ungraded schools
- Monitoring Only – currently A, B, or C that improved from a previous grade of F
- Focus – currently D
- Priority – currently F

DA Turnaround and Monitoring Statuses

Additionally, schools in DA may be subject to a turnaround status of "Planning" or "Implementing" or a monitoring status of "Former F." These statuses are based on a school's grades history, including the current school grade:

- Former F - A school with a status of "Former F" requires the department to monitor the implementation of strategies and progress toward the goals outlined in the school improvement plan for three years following the school's improvement from a grade of F to a C or higher.
- Planning - A school with a status of "Planning" requires the district to engage stakeholders in the development of a turnaround option plan to be implemented in the following year should the school grade not improve to a C or higher.
- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

2016-17 DA Category and Statuses for Valley Ridge Academy

| DA Region and RED | DA Category and Turnaround Status |

| Northeast - Wayne Green | Not In DA - None |

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement

The community of Valley Ridge Academy is dedicated to creating a safe and nurturing environment that inspires and challenges students while developing lifelong learners through collaboration, citizenship, creativity and reflection.

b. Provide the school's vision statement

Our vision for VRA is one where children are educated through a collaborative effort among parents, faculty, staff, students, and the community. Our school environment encourages children to take risks and become creative producers without fear of failure.

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

All parents are given the opportunity to provide input about their child through parent input forms. Parents are encouraged and recommended to participate in parent/teacher conferences to build relationships and to support a positive school experience. Middle school students participate in "Power Hour" weekly which allows the teacher and students an opportunity to get to know each other. Our teachers have been introduced to Positive Behavior Support, which is a program on building student relationships. As we progress through the program, we will all learn how to build and develop relationships between teachers and students. Teachers are able to create social contracts with their classes and spend time sharing "good news," which is an excellent way for teachers and students to learn more about themselves and others. We aim to have clubs/groups, activities and guest speakers in order to build culture.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school

Valley Ridge will hold periodic behavior expectation assemblies where we discuss the rules and our focus on looking out for each other. We must be respectful and caring so we can all get along and "live" in such a tight space. We are constantly reinforcing good behavior and recognizing good character. By using the Operation Hedgehog and Student-to-Student programs, all levels of students will learn about positive behavior.

We have also partnered with the Ponte Vedra Rotary to open chapters of Early Act and Middle Act. Both are designed to engage students in the community through Service Projects.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

Behavioral expectations have been developed by a team of teachers, parents and administrators. These expectations are based on the Student Code of Conduct and the Character Counts! Pillars. Behavioral expectations are shared with staff and students through classroom lessons, assemblies each quarter, and by having consistency throughout the school. In the event an expectation is not met the consequences are as follows: 1st - verbal warning, 2nd - parent communication; 3rd - lunch

detention; 4th - referral.

With the Positive Behavior Support System the idea is also to reward the positive as opposed to punishing the negative. To this end we have developed a PBS Store (Hawk Shop) to provide an avenue for students to be rewarded. This is in partnership with the PTO.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

There are three school counselors at Valley Ridge Academy who are available for students' social and emotional needs. Students may be referred to the counselor by another student, parent(s) or teacher. If a student's needs are too great for the counselor, then outside services are recommended. The counselors work with the families to ensure students receive needed assistance.

The vision included the capacity for all three counselors to visit classrooms to teach lessons in order to form the relationship with every student. In addition, the guidance counselors work with small groups of students who have social-emotional needs.

Teachers develop a relationship of caring with all of their students and families through conferencing and consistent communication.

3. Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system

Attendance below 90 percent, regardless of whether absence is excused or a result of out-of-school suspension

One or more suspensions, whether in school or out of school

Course failure in English Language Arts or Mathematics

A Level 1 score on the statewide, standardized assessments in English Language Arts or mathematics

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

| Indicator | Grade Level | | | | | | | | | | | | Total | |
|---------------------------------|-------------|---|---|---|---|---|-----|----|---|---|----|----|-------|-----|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | | 12 |
| Attendance below 90 percent | 0 | 0 | 0 | 0 | 0 | 0 | 144 | 6 | 5 | 0 | 0 | 0 | 0 | 155 |
| One or more suspensions | 0 | 0 | 0 | 0 | 0 | 0 | 2 | 7 | 8 | 0 | 0 | 0 | 0 | 17 |
| Course failure in ELA or Math | 0 | 0 | 0 | 0 | 0 | 0 | 1 | 7 | 7 | 0 | 0 | 0 | 0 | 15 |
| Level 1 on statewide assessment | 0 | 0 | 0 | 0 | 0 | 0 | 5 | 12 | 6 | 0 | 0 | 0 | 0 | 23 |

The number of students identified by the system as exhibiting two or more early warning indicators:

| Indicator | Grade Level | | | | | | | | | | | | Total | |
|--|-------------|---|---|---|---|---|---|---|---|---|----|----|-------|----|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | | 12 |
| Students exhibiting two or more indicators | 0 | 0 | 0 | 0 | 0 | 0 | 5 | 8 | 5 | 0 | 0 | 0 | 0 | 18 |

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

MTSS core team intervention

Parent Conferencing

ELA/Math plans written for intervention

As part of a school wide PLC Process we have placed significant resources in our Pre-K/ 2 cohort in order to provided a deep foundation for learning in those formative years.

B. Family and Community Engagement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

a. Will the school use its PIP to satisfy this question?

No

1. PIP Link

The school completes a Parental Involvement Plan (PIP), which is available at the school site.

2. Description

Our goal at Valley Ridge Academy is to make 100% of our parents feel welcome and a part of our school. We work in conjunction with our PTO in order to plan for positive school wide events such as Movie Nights, Literacy evenings, Curriculum Chats, SAC meetings, conferences, and school-wide festivals. The school mission and vision are shared through the SAC committee and published on the school website.

In an effort to keep parents informed a Curriculum Night is planned in the fall. Several informational nights are planned throughout the year which focus on technology, our IB vision, FSA, and eighth grade introduction to high school. Data discussions with parents are also planned through each child's individual teacher.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

We will work towards building a positive image for Valley Ridge Academy by building lasting relationships with our parents. To accomplish this goal, the VRA website will be updated weekly with all pertinent information. An electronic newsletter will be published on the first Friday of each month. The district provided Blackboard Connect System will be used to contact parents quickly with pressing information. Curriculum Chats and other information evening events will be held for each grade level. The VRA PTO also works hard to offer events that encourage family participation including the Fall Festival, Spring Festival, Book Fair, Family Movie Night and a Hawk Hike.

Partnerships with the Ponte Vedra Rotary and Guana Estuary ensure our students are engaging in community projects thus gaining trust in our community.

Nocatee is currently the 3rd fastest growing community in the country thus the idea of relationship building becomes more important.

C. Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

| Name | Title |
|------------------|---------------------|
| McMandon, Sandra | Principal |
| Hudson, Julie | Assistant Principal |
| Lee, James | Assistant Principal |
| Allred, Debra | Assistant Principal |
| Sparks, Jennifer | Instructional Coach |
| Gifford, Brian | Dean |
| Dail, Ellen | Guidance Counselor |
| McNaught, Erica | Guidance Counselor |

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

Principal: Provides a common vision for the use of data-based decision-making, ensures the school-based team is implementing and conducting assessment of skills, ensures implementation of intervention support and documentation, ensures adequate professional development, and communicates with parents regarding school-based plans.

Assistant Principal: Provides leadership for the team-based decisions; facilitates the intervention programming; collaborates with other staff members to implement various interventions.

Assistant Principal: Provides leadership for RtI team; facilitates the intervention programming; collaborates with other staff members to implement the various interventions; coordinates data analysis.

Instructional Literacy Coach: Provides the vision for professional development and coordinates with the teachers to ensure their Deliberate Practice is focused on student growth.

AP/IB Coordinator: Works to develop a Learner Profile with all Middle School Students and provides a framework to launch the Middle Year IB (MYP).

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

The goal is to ensure that all students make Learning Gains and that our families are informed. We have weekly RTI/MTSS meetings and highlight the people responsible and the resources to ensure progress.

We have allocated our entire SAI Budget to support our lowest quartile to include an Intensive Reading teacher.

We have revised our Pre K-2 to focus on the Balanced Literacy Framework. We began a training module and the goal is to have all teachers trained and implementing by the end of the year. That overarching goal is to provide a solid foundation for reading.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

| Name | Stakeholder Group |
|---------------------|-------------------|
| Sandra McMandon | Principal |
| Valerie Painter | Teacher |
| Kathleen McLaughlin | Teacher |
| Andrea Happel | Teacher |
| Tricia Ingle | Teacher |
| Holly Southworth | Teacher |
| Marci Knight | Teacher |
| Marcus Sowcik | Teacher |

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

a. Evaluation of last year's school improvement plan

The results of the Needs Assessment were shared through the SAC team. Goals were set to reflect the current needs of our students.

b. Development of this school improvement plan

Development of the School Improvement Plan will be with done with the input from school leaders and community stakeholders.

c. Preparation of the school's annual budget and plan

The SAC budget is approximately \$1500 which will be used to protect the SIP goals. We will also use other revenue sources to help us reach our potential.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

N/A

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

| Name | Title |
|------------------|---------------------|
| McMandon, Sandra | Principal |
| Hudson, Julie | Assistant Principal |
| Lee, James | Other |
| Allred, Debra | Assistant Principal |
| Sparks, Jennifer | Instructional Coach |

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable

The Literacy Leadership Team will meet with small groups of teachers on a monthly basis for the purpose of aligning reading goals, developing scopes and sequences for project based-learning and implementation of the summer reading goals.

The team will also frame out the vision for Pre-K- 2 Linguistics and seek ways to help all students learn.

D. Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

All of our Primary teachers have built in PLC time bi-weekly. We also have developed a creative "WOW" schedule to give them additional PLC time, by grade level and additional 90 minutes per month. The idea here is to build community and to see common practices in place. Our middle school teachers have subject area planning every day.

The goal is to highlight data and use the data to drive instruction and to implement the MYP Program.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

By attending job fairs, and referring to the hiring authority within the district's paperless application system, we are able to hire teachers within the appropriate field who are highly qualified. The leadership team will provide intensive staff development programs and a mentor.

As we continue to grow we were in a position to hire an additional thirty teachers. This is done after careful review of all paperwork and a vision to hire creative teachers.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

All teachers new to the St. Johns County School District and Valley Ridge Academy will be paired with a veteran teacher in his/her field or grade level to develop a portfolio to verify educator competencies. Meetings will be held on a monthly basis.

All new teachers to St Johns County are also invited to attend monthly district driven meetings in order to learn the culture here.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

Teacher representatives from each course and or grade level meet twice a year with district Subject Area Specialists to develop/review curriculum maps, formative assessments and teacher resources to include instructional materials. These District Professional Learning Communities work to ensure that curriculum, instruction and assessment are based on applicable state standards. This process is in addition to a standards based instructional materials review program that is used when the district adopts the primary instructional materials for a course. The teacher representatives work with instructors and administrators at the school level to ensure that the results of the District Professional Learning Communities are implemented at the school level. The curriculum maps which include links to vetted instructional materials and lesson plans are the basis for school level standards based planning and instruction.

In addition to what each teacher is doing to promote learning and measure student performance, District midterms (6-12) assessments and progress monitoring assessments (K-5) are given in the core instructional programs to assess student mastery of standards, guide instructional practice and inform district planning. Detailed data reports are available to all teachers and administrators. These reports are used by teachers, administrators and district staff to ensure that instruction and assessment are designed to produce student mastery of the Florida Standards. The reports are also used with individual students and parents as needed to assist them in understanding the standards and learning expectations.

Administrators meet with teachers in grade level / content area Professional Learning Communities to review data reports and analyze results with the intent of planning instruction to differentiate, intervene, re-teaching, and innovate to improve student mastery of the standards. The same information is used to review curriculum maps and instructional materials/resources as to their effectiveness in promoting standards based instruction and learning. This process is repeated twice a year and serves as the foundation for a standards based continuous improvement model that uses student performance data to evaluate and improve curriculum, instruction and assessment in a manner designed to promote the highest level student mastery of the Florida Standards.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

All students below grade level will be placed in an Intensive Reading Class. The class will be taught by a certified reading specialist and will focus on high yield strategies. All primary teachers will be trained in Balanced Literacy and work to create that reading foundation for all students.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year:

Balanced Literacy Framework

Strategy Rationale

Provide a solid foundation for students in these formative years.

Strategy Purpose(s)

- Teacher collaboration, planning and professional development

Person(s) responsible for monitoring implementation of the strategy

Sparks, Jennifer, jennifer.sparks@stjohns.k12.fl.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Data from the number of teachers trained and from the Discovery Education Data for every student.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

We will collaborate with our feeder high school, Nease High School, and bring our eighth grade class there for an orientation. This will provide them the opportunity to view the high school campus and see the culture. Representation for NHS will also come here to VRA for an Assembly/Academy Night and we will work through the formation of Freshman Seminar with all eighth graders.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

na

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

na

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

na

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

na

II. Needs Assessment

The school's completion of this section may satisfy the requirements of 20 U.S.C. § 6314(b)(1)(A).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why"? or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

G = Goal

B =
Barrier

S = Strategy

1 = Problem Solving Step  S123456 = Quick Key

Strategic Goals Summary

- G1.** If we implement a Balanced Literacy approach to include linguistics and language acquisition, in all Kindergarten - Second grade classrooms, then our students will be foundationally ready for the rigor of third grade.
- G2.** If we target our lowest quartile in reading, third through eighth grades, and provide intensive, high yield instructional strategies, we will increase student achievement in reading.
- G3.** If we implement non-negotiable writing standards for each grade level and develop critical and creative thinking skills through the MYP Program while embedding ongoing assessments across the curriculum in Science, Social Studies, Math and Language Arts then student proficiency will increase.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

Schedule

Biweekly, from 9/14/2016 to 5/17/2017

Evidence of Completion

Data discussions and PD Development will be framed from these meetings.

Plan to Monitor Fidelity of Implementation of G1.B1.S1 6

Data Discussions on a monthly basis will be important.

Person Responsible

Jennifer Sparks

Schedule

Biweekly, from 9/14/2016 to 5/17/2017

Evidence of Completion

The evidence will be seen in the data and logged in the staff development, deliberate practice. Evidence will include performance on DE and F&P Data.

Plan to Monitor Effectiveness of Implementation of G1.B1.S1 7

The depth of student responses will be the key to the monitoring process. Attendance in school and progress on DE will also assist in monitoring student progress.

Person Responsible

Sandra McMandon

Schedule

Every 6 Weeks, from 9/14/2016 to 5/17/2017

Evidence of Completion

Student Data / RTI Data

G2. If we target our lowest quartile in reading, third through eighth grades, and provide intensive, high yield instructional strategies, we will increase student achievement in reading. 1

G083898

G2.B1 The main issue will surround protecting enough time in order for this to be achieved. Also the alignment to Learning Goals Scales / High Yield Strategies and the technology integration will also prove to be important. 2

B222886

G2.B1.S1 Create a cross-curriculum platform where Reading Strategies are infused in all content areas. Focus through PLCs on the idea of common assessment in order to ensure all students have the capacity to grow. 4

S235173

Strategy Rationale

This will create the time and provide the opportunity to transfer, thus learning the content.

Action Step 1 5

Training in high yield strategies and Making Meaning

Person Responsible

Jennifer Sparks

Schedule

Biweekly, from 9/14/2016 to 5/17/2017

Evidence of Completion

Data from DE, F&P, other classroom data

Plan to Monitor Fidelity of Implementation of G2.B1.S1 6

Data Discussions and Progress Monitoring

Person Responsible

Sandra McMandon

Schedule

Monthly, from 9/14/2016 to 5/17/2017

Evidence of Completion

Notes from the data discussion and evidence from RTI meetings. Numbers of students referred for tutoring and numbers of students in danger of failing will also be important.

Plan to Monitor Effectiveness of Implementation of G2.B1.S1 7

Monitoring will be done through direct observation and through student produced evidence.

Person Responsible

Sandra McMandon

Schedule

Monthly, from 9/14/2016 to 5/17/2017

Evidence of Completion
