

VALLEY RIDGE ACADEMY

Entering Grade 2 SUMMER READING LIST

There is nothing more special than creating a lifelong love of reading! Research shows that the single greatest factor in predicting reading success is whether a child is read to when young. Summer is a great time to continue the reading road to success!

We encourage you to keep track of the books your child has read over the summer. We are not requiring a specific number of books to read. This will vary based on the reading level of the child and whether you are reading to/with your child or if he/she is reading independently. Either method will benefit your child!

The “*Five Finger Rule*” may help in selecting appropriate books for your child. If your child reads the first page and makes more than five mistakes, the book is not a good book for your child to read independently. However, it would be a good book for you to read to your child.

Here are some tips to encourage reading:

- Set aside a regular family reading and/or read aloud time.
- Read to your child, even the older ones.
- Your child’s own choice and interests are important ingredients for reading enjoyment.
- Let your child see you reading for pleasure.
- Don’t forget to pack a book wherever you go this summer.
- Participate in activities at the local library.
- Remember that you have access to MackinVia eBooks all summer long.
