

VALLEY RIDGE ACADEMY

Kindergarten SUMMER READING LIST

There is nothing more special than creating a lifelong love of reading! Research shows that the single greatest factor in predicting reading success is whether a child is read to when young. Summer is a great time to continue the reading road to success!

Reading is a very developmental skill that children master at different ages. There are many different levels of readers among beginning young children ranging from non-readers to fluent readers. By the end of first grade the gap closes, and all children will be reading.

We encourage you to keep track of the books your child has read over the summer. We are not requiring a specific number of books to read. This will vary based on the reading level of the child and whether you are reading to/with your child or if he/she is reading independently. Either method will benefit your child!

Here are some tips to encourage reading:

- Set aside a regular family reading and/or read aloud time.
- Read to your child, even the older ones.
- Your child's own choice and interests are important ingredients for reading enjoyment.
- Let your child see you reading for pleasure.
- Don't forget to pack a book wherever you go this summer.
- Participate in activities at the local library.
- Remember that you have access to MackinVia eBooks all summer long.
